

W-2, U. S. Forms Out This Week

April 16 Deadline For Filing Returns

With every Y-12er scheduled to have a W-2 Form showing earnings in 1955 and income tax deductions made last year by Union Carbide Nuclear Company in their hands by the end of this week, the annual job of preparing income tax returns for the year will begin in earnest within the next few days. The W-2 Forms are to be distributed to weekly and hourly paid personnel with pay checks delivered on Friday of this week, January 13, and are being mailed to monthly paid employees so as to reach them on or before this date.

U.S. Mails Tax Forms

Meanwhile, the Internal Revenue Service has mailed millions of income tax forms to taxpayers throughout the country and every Y-12er should have one of these forms with instruction sheets included by this time. The annual deadline for filing income tax returns is April 15, but as that date falls on Sunday this year the deadline is Monday, April 16.

Y-12ers who were employed by one or more firms during 1955 previous to coming to work here are reminded that the W-2 Forms issued by former employers must be included with the income tax form along with the form issued by the Y-12 Plant. The W-2 Forms are issued in duplicate, one to be kept by the taxpayer and the other to be included with the income tax return to the Internal Revenue Service.

Company Tax Formula Given

The W-2 Forms show not only the salary or wages paid employees during the year, but also the amount withheld for income tax purposes. For information of those Y-12ers not acquainted with the Company formula for determining the money to be withheld from wages for income tax purposes, here is the explanation:

For weekly and hourly paid

Continued on Page 4

IT'S NOT HARD TO FILL OUT OWN TAX RETURNS

It's not too hard to fill out a federal income tax form without outside assistance this year. To see how one couple did it after following instructions accompanying each form sent to every taxpayer, turn to Page Four. However, if help really is needed, the story below gives the schedule of when assistance will be given by tax consultants of the Federal Revenue Service in Knoxville.

Knoxville Internal Revenue Service Sets Aid For Tax Payers; Schedule Is Announced

There will be no Internal Revenue Service assistance in filling out income tax forms offered in Oak Ridge this year. However, tax consultants will be available at the IRS office in Knoxville from now until April 16, the deadline for filing 1956 returns, it was stated at that office last week.

The Internal Revenue Service office in Knoxville is located on the third floor of the postoffice building and the telephone number is 4-5428.

JUDY STOTZEL, JUST THREE DAYS AND A FEW HOURS OLD, IS expressing a very definite distaste for the goings on as she had her first picture made with her parents, Frank C. Stotzel, Colex Operations Department; and his wife, Mrs. Elaine Groppe Stotzel, whose father is A. A. Groppe, superintendent of the Process Maintenance Department. The fond parents look approvingly on Y-12's "first baby" of 1956 born at Oak Ridge Hospital.

Y-12's 'First Baby' Of 1956 Born January 2; One Of Eight

Father Is Frank Stotzel, Colex Operations; Youngsters Also Granddaughter Of A. A. Groppe

Y-12's "first baby" of 1956 born at the Oak Ridge Hospital almost made it in time to become a New Year's Day youngster—but healthy, chubby, little Judy Stotzel delayed her appearance until 5:45 a.m. on Monday, January 2. She checked in at seven pounds, five ounces on the hospital scales and was the second baby born at the hospital in the new year.

Judy's father is Frank C. Stotzel, 32, a chemical operator in the Colex Operations Department. The mother, Mrs. Elaine Stotzel, is the daughter of A. A. Groppe, Superintendent of the Process Maintenance Department. An uncle of the littlest Stotzel is a former Y-12er, Wayne Groppe, son of A. A. Groppe and now living in Milwaukee, Wis.

Has Seven Brothers, Sisters

The beaming father and the glowing mother proudly took little Judy home last week—out on Harris Road in Knox County just off Washington Pike—to meet her seven brothers and sisters. Judy's arrival evens up the family at four boys and four girls to help take care of the rabbits, chickens and other pets at the country home of the Stotzels. They bought their new home just last September to care for the growing family.

The other youngsters in order of age are James Frank, 9; David Joseph, 8; Kathy Anne, 7; Robert Edward, 5; Marlene, 4; Danny,

Cooperation Lessens Parking Violations

Situation Is Greatly Improved In Y-12 Lots

The parking lot violations and resultant congestion that was growing to troublesome proportions several weeks ago has improved greatly in the past several days. Increased cooperation on the part of Union Carbide Nuclear Company employees in the Y-12 Plant Area in obeying traffic regulations and signs in the various parking lots following close checks and friendly but firm reminders to violators is given by Y-12 safety authorities as being responsible for the improvement.

The number of violations checked during the past couple of weeks has averaged from none to around four or five daily. When the campaign first was started after an abnormal number of parking violations were noticed the number of Y-12ers who had to be notified of incorrect parking ran as high as

Nominating Committee Submits Slate For Credit Union Election

Door Prize To Be Offered To Spur Attendance At Annual Meeting Of Organization January 19

With its nominating committee having prepared a strong slate of candidates for vacancies on the board of directors and two standing committees, the membership of the Y-12 Credit Union is preparing for its annual meeting next Thursday night, January 19. The meeting is scheduled for 7:30 o'clock in the Green Room of the Ridge Recreation Hall.

As an added incentive for all shareholders in the organization to attend and take part in the important business of electing directors and committeemen and voting for a dividend for the year; a handsome door prize will be awarded during the meeting. Credit Union President A. M. "Pete" Schrader, Beta Four Maintenance, announced last week. This method of creating interest in a credit union has proven popular and effective elsewhere, President Schrader declared.

The setting of a dividend is done by a vote of the membership after a report of the treasurer and board of directors has been made on the financial condition of the Credit Union. For the past three years a dividend of 4.2 per cent has been declared.

Three Decline Renomination

The familiar names of three Y-12ers closely connected with the Credit Union since its organization in 1950 will be missing when the balloting begins on January 19. President Schrader, Morris J. Fortenberry, Development Operations, a past president; and A. J. Fisher, Security, present secretary; have declined renomination for any office in the organization. The services of all three have been recognized as particularly valuable by the membership during the past several years.

The nominating committee of the organization completed its slate late last week. Evan W. Means, Research Services, chairman of the committee, commenting on the nominations, said:

Candidates Declared Outstanding

"The committee didn't quite make the quota of two candidates for each vacancy, but we feel it has an outstanding group for consideration by the membership."

Other members of the nominating committee are W. O. Prater, Oak Ridge National Laboratory; W. E. Davis, Security; George Harris, Beta Two; and Otis Lineberry, Beta Four Maintenance.

Eight candidates have been nominated for the board of directors to fill five vacancies. The committee's nominees are Fred Kappelman, ORNL; C. C. Bolling,

A. M. "PETE" SCHRADER Declines Renomination

Lost, Found Office Established In Y-12

Guard Department Will Handle Work Functions

A central office to handle lost and found personal property articles has been established in the Guard Department for the convenience of Y-12ers with the objective of hastening return to owners of lost property that is found on Y-12 premises. It will provide a uniform system for reporting and handling of such articles.

Articles Should Be Described

Under provisions of the new system, any Y-12er losing personal property on the plant premises is urged to report it immediately to the Guard Department, Bldg. 9706-1, phone 7146. A full description of the lost article should accompany the report of the loss.

In turn, finders of articles also are asked to turn them in at once to the Guard Department, which in turn will make every effort to return the found property to the rightful owners. Claimants of articles turned in as found must furnish proof of ownership.

List Will Be Published

The Y-12 Bulletin will publish periodically a list of articles turned in to the Guard Department as found to assist in the return of lost property to owners. However, if a 90-day period elapses without a found article being claimed, it will be turned over to the finder.

Rules Simple In Y-12 Photography Contest So Send In Those Snapshots For Entries

By the time this edition of The Y-12 Bulletin "hits the streets" it is expected that a number of snapshot enthusiasts will have sent prints into the Recreation Office as entries in the interesting and profitable Photography Contest for 1956.

The rules are simple. The black and white photographs must have been taken by a Y-12 Union Carbide Nuclear Company employee. They shall not be more than five

inches in any dimension and must not be more than one year old. No pictures that have won any competition—ribbons, citations, cups or cash—are eligible.

Weekly contests are held. It is preferable that the prints be submitted on glossy paper, as it is planned to publish the weekly winners in The Bulletin. The winner of each weekly contest receives credit for 25 points with

Two More Accidents MarY-12's 1955 Mark

Year's Total Hits 20;
Better 1956 Predicted

Lost time accidents Nos. 19 and 20 sent the Y-12 record for 1955 to a new and unenviable high as the old year rang out. The 20 disabling mishaps in 1955 compared to only 17 posted the previous year, with the 1955 mark soaring during the last quarter of the year when 11 of the 20 lost time accidents were recorded.

Lost Time Accident No. 19 occurred on December 9 and was of a delayed type as it was not of a disabling nature until several days after the mishap. According to the Safety Department report the employee, a process operator in E Mechanical Operations, stepped on a wet paper bag in front of the lunch room of Bldg. 9212 and twisted his left ankle. He was returned to modified work after examination at the Y-12 Medical Department but the injury subsequently resulted in lost time over the New Year week end.

The 20th disabling injury of the year occurred at 8:55 a.m. on December 27. The Safety Department report on this one states that a foreman in Field Maintenance was walking through water on the floor of the Y-12 Cafeteria while inspecting a hot water line when he slipped and fell. He struck his back against a door facing, causing a sprain that resulted in hospitalization.

Through the first three quarters of the year it appeared as if the Y-12 Plant was headed for another splendid safety record, but the final three months of the year spoiled those hopes. However, with renewed attention to safety factors and work regulations, safety authorities of the plant are looking forward to a much better mark in 1956 with the resultant increase in good health of all employees.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Clarence Brown, Production Inspection, January 13.

John Sewell, E Mechanical Operations, January 13.

Elizabeth C. Johnson, Production Assay, January 13.

David W. Woody, General Utilities, January 14.

J. D. Goodpasture, Process Maintenance, January 14.

Playhouse To Offer Comedy As First 1956 Production

The first production of 1956 and the third of the current season will be staged February 9, 10 and 11 by the Oak Ridge Community Playhouse. The offering will be "The Madwoman of Chaillot," a two-act comedy written by Jean Giraudoux and adapted for the stage by Maurice Valency. It was first presented in the United States in 1948. The Oak Ridge presentation will be at the Jefferson Junior High School.

They're just getting around to telling about the gent who was all (w)rung out after the New Year was rung in—of course it was a Y-12er.

After that—let's (w)ring out with some news about the folks about the premises.

CHEMICAL

Product Processing folks hope the mother of Corene McDaniel gets well quickly—the Y-12er was called home because of her parent's illness.

MANUFACTURING OFFICE

Pat Keener, Stores, is receiving get-well wishes at her home in Lenoir City where she has been ailing for several days . . . Co-op student E. P. Atkins is back on the job after his swing shift to educational matters for a few months.

Property Sales reports Ben Hope, wife, and daughter, Betty, have been Floridating—going all the way to the Keys and visiting some other children in the Sunshine State . . . Rapid-recovery wishes to W. R. Russell and Stella Gammel, both out ill last week . . . R. H. Eichorn is back from vacation as is William Powell . . . Morris Perry is vacationing this week. (Little bit early for spring training, ain't it?).

MAINTENANCE

Al Groppe, head man of Process Maintenance, has finally risen to a tie for first place for a lofty title among Y-12ers—he is deadlocked for top honors as Grandfather, Senior Grade, with eight grandchildren—the milestone being reached when little Judy Stoetzel was born to his daughter, Mrs. Elaine Stoetzel, and her husband, Frank, a chemical operator in Colex Operations of the Alloy Division—see Page One. (Oh—name of the gent sharing honors with Al will be given out only on request from authorized personnel). . . . The department sends get-well wishes to R. L. McGinnis, ill in Oak Ridge Hospital . . . Likewise to the father of T. S. Moody, who is vacationing this week to be with his dad in Kingsport.

Bob Baker, Alpha Five Maintenance, is back at work after being ill for two weeks . . . N. B. Kepling also is back after a sickness. . . . Vacationers include B. F. Porter, off hunting somewhere; R. L. Morgan and R. E. Scofield, destinations unknown.

J. E. Boland, Alpha Four Maintenance, vacationed in Macon, Ga., for good old home cooking by his mother . . . J. A. Finley is vacationing in Pennsylvania to see his mother, who is ill . . . Best wishes go to R. K. Kirby, in Oak Ridge Hospital for an operation.

Planning and Estimating is hearing all about vacation trips by (a) Dorothy Blosser to Virginia, and (b) Mildred White with kin folks over in Nashville—a lovely time was had by all . . . Get-well wishes are extended to the mother-in-law of Sarah Corum.

Evan W. Means, Research Services, and his wife, Virginia, were holiday hosts to her mother and father, Mr. and Mrs. Thomas R. Elkins, of Houston, Tex.—the Elkins are former Oak Ridge . . . E. R. Wells and H. K. Bailey are Alabama vacationers . . . F. O. Gaddis and M. E. Hunt also are away but no destinations reported. . . . Get-well wishes to J. C. Price.

Beta Four Maintenance extends condolences to R. L. Smarr, whose grandmother died recently . . . O. O. Boles and P. G. Gill both are welcomed back after being out of action with various and sundry ailments.

More sick folks reported from Electrical Maintenance—A. D. Casey and Kestle England are sent get-well wishes . . . A pair of vacationers without forwarding addresses are F. H. Wray and M. E. Kitchen.

MECHANICAL OPERATIONS

News was sorta scarce around "The Hill" last week—but here's a molecule or so . . . F Mechanical Operations welcomes W. E. Shoopman back after an illness but also has to extend get-well wishes to his wife and two children, who are still ill.

D Mechanical Operations welcomes newcomer T. W. Williams to the department.

INDUSTRIAL RELATIONS

Doris Ivy, Medical, set a big event during the holidays when she was married to James Parsons, an Air Force man stationed in Denver, Col., the ceremony being solemnized in Rossville, Ga., December 27. The bride is the daughter of Briscoe Ivy, of Stores.

The ol' flu bug got the best of Martha Robinson, of Employment, for a couple of days last week.

TECHNICAL

Electrical Engineering extends congratulations to Ruth Ann Huffman on her recent engagement—need some more on this . . . Get-well wishes are extended the wife of O. E. Gilcrease, who has been ill recently.

Special Testing has W. D. Harman on the vacation board—but no further info.

Sarah Gamil, Development Operations, has been ailing for several days and get-well wishes are sent her way.

ALLOY

Jack Yaggi, Beta Two, is a recent member of the Proud Pop Club—qualifying when a nine-pound girl arrived in the family a few days ago.

Beta Four is not to be outdone—no suh—it offers Otto Sheller as it's new Pop of the Week—Antonia Ruth made her debut on December 28, tipping the scales at eight and one-half pounds . . . Another Proud Pop of recent date, W. T. Henry, journeyed over to Hickory, N.C., to show his new son to the grandparents . . . The A Group welcomes the shining face of G. W. Johnson back in its midst after a long period of illness . . . George Kesterson motored to Dayton, Ohio, to be with all the kin folks for a big family reunion during the holidays . . . M. L. Sweet spent his vacation quietly at home in and around Clinton . . . Randy Hudson vacationed at home in Knoxville and came back to work with a big smile and a shiny new automobile (Santa, eh?) . . . J. D. Pendleton went up to Gate City, City, Va., for a holiday visit with his mother and some in-law relatives . . . H. L. Bridges was visiting relatives in Washington, D. C., while vacationing and ran into another Y-12er, Joe Bridges, while sightseeing at Mt. Vernon.

Alpha Four extends deepest sympathy to John W. Jones, whose father died recently . . . The department also is sorry to hear that Paul Pair has been battling pneumonia since December 26—Santa seemed to have goofed on this one. . . . Also on the sick list is Bill Parks with a throat infection . . . The stork was busy in departmental circles during December. . . . On December 18 he presented the H. R. Southern with six-pound, two-and-one-half-ounces James Edward . . . Then on December 19 he returned with a baby girl, Cathleen, for Evelyn and Carl Frazier, Sr. (It is a pleasure to report Cathy came home from the hospital January 4) . . . Then came Christmas Day and the big bird gave Santa a lot of competition and Gloria and George Jasny received a six-pound, four-ounce baby boy called Tommy . . . J. E. "Red" Peters was so enamored with their baby girl that he took a lot of steps becoming acquainted with her while on vacation . . . And—no foolin'—Jack Hale is going to have to have a bigger house. . . . The department notes, that with plenty of practice, its hunters are improving . . . For example,

Mr. and Mrs. Charles E. Walker

at the A Shift Turkey Shoot December 20 H. Bartley, Jr., bagged a turkey and a ham, as did Tom Akins (Maintenance) . . . Guy Smith picked off a turkey and then R. L. Renfro did him one better and got two . . . J. E. Disney also got a turkey and—in the opinion of our reporter—should stick to the big birds, for after all, 12 shots and no dice at a covey of quail is expensive . . . Nine-shots-and-three-to-go Howard also should heed this advice . . . Opinions are varied as "Big Boy" Bartley, Guy Smith and Marvin Shanks take off on a rabbit hunt . . . Carl (No Deer) Frazier, Sr., Everett Forbes (Beta Two) and an ORNLite pal cleared the territory of a good dozen bunnies recently . . . Whatta deal! Eddie Outler vacationed in the big city of New York . . . Jack Owens picked a good place to celebrate during the New Year's week end—Paducah, Ky. . . . After such a long stay in the hospital the department is sorry to see I. M. McPeters leave for Beta Two, but is dusting off the welcome mat to welcome R. J. Haley and J. C. Mullins, who transferred from there . . . Also welcomed is Phil Higgs, co-op student.

There's an old saying that "you can take the boy out of the country but you can't take the country out of the boy." The same goes for our Colyum Conductor when it comes to shaggy dog stories—he just can't be housebroken to drop and bury them. So because he insists, here is one to end up the proceedings for the week—and it ought to. Says he:

Then there's the story of the baby sardine that was frightened by a submarine and went crying to its mother.

"There, there, dear," soothed Mama Sardine, "don't be upset. It's only a can of people."

See what we mean?

Get-well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

M. J. Talley, Field Maintenance; B. B. Thornton, Stores; W. C. Gordon, B Mechanical Operations; Colleen Shotts, Beta Two; John L. Henderson, Process Maintenance; T. S. Arnold and W. M. Parks, Colex Operations; J. B. Fincher, Jr., General Machine Shop.

Second Audubon Screen Tour Program Set January 19

The second Audubon Screen Tour program of the current season will be presented by the Oak Ridge Conservation Club at the Jefferson Junior High School auditorium at 7:30 o'clock Thursday night, January 19. The subject will be "Forgotten Country," presented in person by Bert Harwell. In this presentation Harwell has made a color film of the wildlife and birds in the ghost towns and abandoned mines of the Old West.

WALKER—WALLS

Following their marriage in Coalfield, Tenn., on Friday, December 23, Charles E. Walker, of the Y-12 General Machine Shop, and his bride, the former Miss Barbara Jean Walls, are making their home in that city. The marriage was solemnized at 8 p.m. by the Rev. I. D. Johnson at the Coalfield Church of Christ, of which he is the minister.

At her wedding the bride wore a ballerina length gown of Chantilly lace over satin. The shoulder length veil of English illusion was held in place by a tiara of lace and seed pearls. She carried a bouquet of white carnations and lilies of the valley centered with a purple orchid.

Miss Helen Newberry, of Wartburg, was maid of honor. Her gown was of ballerina length fashioned of mint green lace. Her bouquet was of pink carnations.

Douglas Walker, of Augusta, Ga., acted as best man.

The bride was given in marriage by her father, D. R. Walls. During the ceremony wedding music was presented by Mrs. C. L. Jones, vocalist; accompanied by Glendon Jones, pianist. A reception was held after the wedding at the home of the bride.

The bride is the daughter of Mr. and Mrs. D. R. Walls, of Coalfield. She is a graduate of Coalfield High School and attended Tennessee Polytechnic Institute at Cookeville. She now is teaching in the Coalfield elementary school.

Parents of the groom are Mr. and Mrs. I. E. Walker, of Atlanta, Ga. He is a graduate of Oak Ridge High School.

Another Y-12er Given Promotion Last Month

Another promotion of a Y-12er to the ranks of supervision during the month of December has been announced. The man advanced in

H. B. Gerard

position is H. B. Gerard, who was promoted from outside machinist in Buildings and Grounds to foreman. The promotion became effective December 1. Gerard came to work in Y-12 on November 1, 1954, being here just one month more than one year on the date of his promotion. He is a veteran construction man and among his assignments was a year engaged in the reconstruction of the island of Guam after World War II damage. He was with Maxon Construction Co. just prior to being employed in Y-12. He is married and lives in Kingston.

'March Of Dimes' Drive Being Waged In Oak Ridge

The annual "March of Dimes" campaign staged to raise funds for the National Foundation for Infantile Paralysis now is under way

1956 TENNESSEE MARCH OF DIMES
JANUARY 3-31

in Oak Ridge and scheduled to end January 30 with the Mother's March. Gerald Goldberg, Union Carbide Nuclear Company employee in the Y-12 Plant Area, is Oak Ridge campaign director.

A goal of \$12,500 has been set for Oak Ridge, according to the campaign chairman. He reports that there now are 14 polio patients in Oak Ridge and that in 1955 \$15,760 was spent on these cases, \$10,468 on three alone.

1955 Fish Entries Must Be In Monday

Judging Is Wednesday; 1956 Contest Is Open

All entries for the 1955 annual Y-12 Fishing Contest must be turned in to the Recreation Office, Room 221, Bldg. 9704-2, not later than 4 o'clock next Monday afternoon, January 16. The prescribed deadline is January 15, but as that date falls on Sunday it has been moved back by 24 hours.

The three judges for the contest will meet Wednesday to judge the entries and determine the winners in the several species for which awards will be given. The judges are Avery Kendig, Buildings and Grounds; Evan W. Means, Research Services; and W. E. Davis, Security.

Handsome prizes will be given the winners in the various classes with weight being the principal factor in determining winners. In case of ties, length and girth in that order, decide the title.

Meanwhile, the 1956 contest now is underway and will run until midnight, December 31. Entry blanks may be obtained at the Recreation Office and also from shift recreation committee members.

Marksmen Again Are Top Pistooleers

After resuming action for the new year on January 2, the Y-12 Pistol League will meet again tomorrow night, Thursday, January 12, for league matches and also to match scores against the pistoleers of the Atomic Energy Commission in the Oak Ridge Winter Pistol League.

In the January 2 matches, the Y-12ers showed up well with almost every man firing above average scores. The Marksmen team took over first place for the third time this season in the close race by taking a forfeit win from the Masters. In firing for record, the Marksmen posted scores of 493 scratch and 575.148 handicap.

The Experts came up to a tie for second place and just one-half point out of the lead by defeating the Sharpshooters 503 to 453 scratch and 574.821 to 571.578 handicap.

J. C. Ezell, of the Experts, had top individual scores of the night with 265 scratch and 288.604 handicap. T. J. Bush topped the Marksmen with 249 scratch and C. G. Brewster came through with 287.719 handicap. The Sharpshooters' best scratch score was fired by P. H. Williams with 232 while M. L. Woodard had a 286.286 handicap.

Rides Wanted, Offered

Ride wanted from Harriman to West or Bear Creek Portal, straight day. Raymond W. Curtis, plant phone 7-8301.

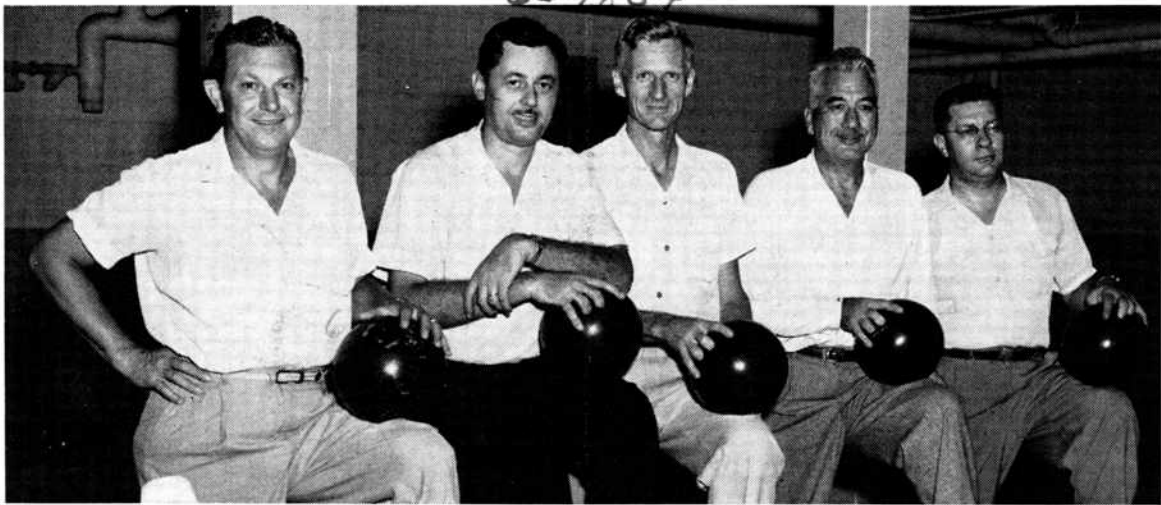

Ride wanted from one mile west of Oliver Springs on Harriman highway to East Portal, straight day. Bob Roe, plant phone 7784.

Ride wanted from 2427 Washington Ave., Knoxville, to East or North Portal, straight day. Emmett Adkins, plant phone 7-8347, home phone 3-5378, Knoxville.

Two riders wanted from 300 block West Outer Drive, via Highland and Hillside Aves. to West Portal, straight day. Addie Lynch, plant phone 7201, home phone 5-4703, Oak Ridge.

Ride wanted from 107 Sanford Lane, Oak Ridge, to West Portal, straight day. G. L. Tate, plant phone 7696, home phone 2-1767, Oak Ridge.

BE SURE IT'S SAFE, THEN GO AHEAD!

THE RUSTY FIVE TEAM OF THE C LEAGUE OF PLANT BOWLERS IS COMPOSED OF A VETERAN GROUP of keggers well known to many Y-12ers. From left are Bill Hays, Leo Hemphill, George Mitchel, John Snyder and Clyde Bowles. The team is in a three-way tie for first place in the loop.

Wolves Regain First Spot In Classic

The Wolves regained the lead they had lost the previous week in the Classic League of plant keggers when they knocked over the Screwballs for three points last Thursday night to oust the Rippers from the roost they had held briefly. The lowly Tigers clawed the Rippers for three and similar wins were turned in by the Bumpers over the Playboys and the Rebels over the Wasps. The Cubs and All Stars divided four points and the only whitewash win of the night was by the Has Beens over the Swingsters for four points.

The Cubs and All Stars hogged scoring honors, both as teams and individuals. Paul Petretzky, All Stars, topped the single game scorers with a 235 scratch game, boosted to 265 with handicap. J. Brown, Cubs, had the best handicap scores of 622 and 682. The Cubs had the top scratch game of 935, top scratch series of 2615 and handicap series of 3020. The All Stars butted in with a 1072 handicap game.

League standing follows:

Team	W	L
Wolves	18	6
Rippers	17	7
Screwballs	15	9
Bumpers	15	9
Cubs	14	10
Swingsters	12	12
Has Beens	12	12
Playboys	11	13
Wasps	9	15
All Stars	8	16
Tigers	8	16
Rebels	5	19

Knuckleheads Boost Lead In Shift Loop

The Knuckleheads forged further out in front in the Sportsmen's League of Y-12 shift working bowlers in their last alley outing by blanking the Eight Balls for four points. The Bombers pinned a similar defeat onto the Ridgerunners and the Rebels took three from the Sunflowers.

A scratch series of 541 by Ray Galforch was tops of the night.

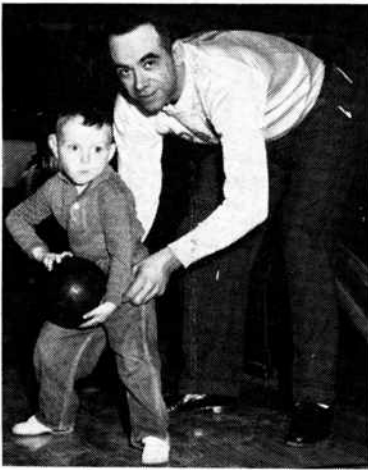

League standing follows:

Team	W	L
Knuckleheads	29	7
Sunflowers	18	18
Rebels	18	18
Bombers	16	20
Eight Balls	14	22
Ridgerunners	13	23

Riflemen Of Y-12 Defeated By ORNL

The Y-12 Rifle team in the Oak Ridge Winter League lost its opening match of the year to Oak Ridge National Laboratory last Friday night but hopes for a comeback against Oak Ridge Juniors in a match tonight, Wednesday, January 11.

Scratch scoring for Y-12 against ORNL was led by R. L. Vanderpool with 175, followed by R. W. Miller 173, J. W. Rule 166, C. G. Brewster 165 and S. E. Adams 161. Handicap scores were Rule 193.-860, Miller 193.825, Adams 193.104, Vanderpool 191.886 and H. F. Harris 191.052.

"TAKE DEAD AIM AND LET 'ER GO, son," advises Carl Frazier, Sr., of Alpha Four and secretary of the C League as his boy, Stanley Earl, takes his first bowling lesson.

C League Bowlers In Three-Way Tie

A three-way tie existed in the C League after bowling activities last week with the Hot Wires, Rusty Five and Deltas all boasting records of seven points won and one lost. Bryan, Murderer's Row, had top individual scores with a 220 scratch game, 542 scratch series and 644 handicap series. Houser, Deltas, had a 263 handicap game. Murderer's Row and the Deltas divided team scoring honors, the former having an 831 scratch game and 2280 scratch series. The Deltas 1050 handicap game and 2954 handicap series were tops.

League standing follows:

Team	W	L
Hot Wires	7	1
Rusty Five	7	1
Deltas	7	1
Murderer's Row	4	4
Hornets	2	6
Sooners	2	6
Glass Arms	2	6
Q Balls	0	8

Mead Official Will Speak At Accountants Meeting

Y-12ers interested in accounting are invited to attend a meeting of the Knoxville-Oak Ridge Chapter of the National Association of Cost Accountants next Tuesday night in Knoxville. The meeting is scheduled for 6:30 o'clock at Regas Restaurant, Gay St. and Magnolia Ave.

James W. McSwiney, executive assistant to the president of the Mead Corporation, Dayton, Ohio, will speak at the meeting. His subject will be "The Statistical Approach to Accounting Problems."

'Criminalistics' Address Scheduled For ACS Meeting

The East Tennessee Section of the American Chemical Society will resume meetings on Thursday, January 19, with an address by Dr. Mary Willard, of Pennsylvania State College. A dinner will be held at 6:30 o'clock at the So-

Wheels Roll Over Bumpers Of Y-12

The Wheels, Oak Ridge National Laboratory entry in the All-Car-bide Bowling League, have started to roll upwards toward the loop lead. In last week's alley activities of the circuit the Wheels whopped the league-leading Y-12 Bumpers for three points to take over second place from the Kingpins of K-25. The fading Kingpins dropped three to the hustling Leftovers of Y-12. The Y-12 Maple Moppers whitewashed the lowly but scrapping Hawkeyes, another Y-12 outfit that has a startling record of points lost but that continually shows up gamely for each scheduled match.

A pair of Y-12 bowlers posted top scores of the night in the scratch scoring league. J. Gallo-way, of the Bumpers, had a 245 game and Len Hart, Leftovers, rolled a sizzling 580 series.

League standing follows:

Team	W	L
Bumpers, Y-12	39	17
Wheels, ORNL	33 1/2	22 1/2
Kingpins, K-25	33	23
Maple Moppers, Y-12	31 1/2	24 1/2
Leftovers, Y-12	30 1/2	25 1/2
Hawkeyes, Y-12	1 1/2	54 1/2

Means Heads State Wildlife Week Move

Evan W. Means, Research Services, seems to hardly get one job done before someone else puts him to work. He received word over New Year's from the National Wildlife Federation of his appointment as Tennessee state chairman for National Wildlife Week, March 18-24.

Walt Disney, famous for Disneyland and Davy Crockett, is honorary national chairman. The Y-12er comments "that makes Means 1/48th as big as Disney."

W. B. Humes Is President Of UCC Silicones Division

William B. Humes, former Superintendent of Production for all Union Carbide Nuclear Company plants in Oak Ridge and Paducah, Ky., and also former K-25 Plant Superintendent, has been named President of the new Silicones Division of Union Carbide and Carbon Corporation. The announcement was made in New York by Morse G. Dial, UCC President. Humes, well-known in Y-12, has been Vice President of Union Carbide Canada Limited. UCC's silicones plant is located at Long Reach, W. Va.

phronia Strong Cafeteria at the University of Tennessee with the business meeting following at 8 o'clock at the university's Dabney Hall.

Dr. Willard will speak on "Criminalistics," the application of various chemical methods to aid crime detection. All Y-12 members of the ACS are urged to attend the session.

Bums Tie Wizards For Plant Loop Lead

Only Two Tilts Staged In Basketball Circuit

The Bums bounced into a tie for the lead in the Y-12 Plant Basketball League last week by trouncing the Cascade Kids in a close one by 30 to 27 while the Wizards were idle. In the other game of the week the Wildcats walloped the D Doodies in another tight contest by 30 to 22. Both leading teams are undefeated with five wins each.

The Junkers added a win via the forfeit route over the Hot Shots when the latter outfit was unable to assemble a team for the game.

Both the contested cage clashes were nip and tuck affairs with nifty defensive work keeping scoring at a minimum. Although on the losing side, C. Thomas, of the Cascade Kids, tallied 16 points of his team's 27. Kahler had nine and Forrester six for the Bums. Bartley's 11 counters led the Wildcats and Smith got eight. Helton tossed 10 through the hoops for the Doodies.

Because of another conflict in gymnasium dates, no games will be played on Monday night of next week, but a full schedule is slated for Tuesday and Wednesday. The schedule for these nights follows:

TUESDAY, JANUARY 17
Robertsville
6 p.m., Junkers vs Wildcats. 7:15 p.m., D Doodies vs Bombers. 8:15 p.m., Lucky Five vs Wizards.
WEDNESDAY, JANUARY 18
Oak Ridge High School
6 p.m., Junkers vs Ridgerunners. 7:15 p.m., D Doodies vs Bombers. 8:15 p.m., Lucky Five vs Wizards.
League standing as of games through last week follows:

Team	W	L
Wizards	5	0
Bums	5	0
C Hawks	2	0
B Bombers	5	1
Ridgerunners	2	1
Wildcats	2	2
Cascade Kids	1	1
Junkers	2	4
D Doodies	1	3
Lucky Five	0	2
Owls	0	4
Hot Shots	0	6

Hawks' Slate Clean In Volleyball Loop

Getting back into action after the holidays, the Y-12 Plant Volleyball loop matches last week saw the Hawks remain undefeated by taking three points from the Volsters. The Sooners won a pair of matches, trimming the Volsters and the Mud Hens, both by three points. The Hawks have a 12 won and none lost mark, the Sooners 12-3, Volsters 3 and 9 and the Mud Hens none and 9.

In their victory, the Hawks won two straight games from the Volsters for their triumph, 15-7 and 15-4. The Sooners also racked up a pair of two in a row wins, beating the Volsters 15-3 and 15-13. The Mud Hens fell before the Sooners by 15-4, 15-3.

Pin Ups, Oleos Top Mixed Loop Leaders

The Pin Ups narrowed the lead of the Nip and Tucks in the Mixed League of Y-12 men and women bowlers last week by taking the loop leaders for three points. The Oleos knocked off the second place Strike Outs by the same margin and the Rocks got a forfeit win from the Mix Ups.

The Pin Ups monopolized scoring honors with Gillen sweeping the boards with 201, 248, 472 and 613, and the team doing likewise with 631, 851, 1650 and 2310.

League standing follows:

Team	W	L
Nip and Tucks	39	17
Strike Outs	33	23
Pin Ups	27	28
Mix Ups	26	29
Oleos	22	34
Rocks	20	36

Rules Simple In Y-12 Photography Contest

Continued from Page 1
second place getting 15 and all non-winning entries five points. At the end of each month a "picture of the month" is selected and at the end of the year the "picture of the year" is voted. This "picture of the year" taken will get an award equal to that of the winner of the most accumulated points throughout the year. Prizes of photographic merchandise will be awarded the first high accumulated point winners and the "picture of the year" photographer.

Entries in each weekly contest must be submitted to the Recreation Office, Room 221, Bldg. 9704-2 by noon each Wednesday.

Lots of Y-12ers have found snapshooting a fascinating hobby and lots of fun in accumulating a pictorial record of what is going on around their homes, vacation trips, fishing and hunting expeditions and other endeavors.

So get busy and send in those pictures.

Y-12's 'First Baby' Born On January 2

Continued from Page 1
2½; and Mary Beth, 14 months. The first three children attend school at the Holy Ghost Catholic School in Knoxville.

Father Born In Canada

Frank Stotzel is a Canadian by birth, having been born in Edmonton, Alberta. However, he has lived in this country most of his life and served in the United Army, being discharged in 1943.

One of his first jobs after leaving service was crane operator at the Ladish Dropforge Co., Milwaukee, which at that time was making airplane parts. There he met Miss Elaine Groppe, who was a first aid worker at the plant. The meeting took place in January, 1944, and on May 16 of the same year they were married in Milwaukee.

Shortly afterward, they moved to Dubuque, Iowa, Mrs. Stotzel's home town where she was born in the same house as was her father. In Dubuque, Stotzel owned and operated a detective agency and merchant's patrol from 1945 until 1953.

Grandfather At Y-12 Since 1943

By that time Mrs. Stotzel's father had become a Y-12er—being one of the "old timers" around with the plant with an employment date of June 30, 1943. Al Groppe's glowing letters to his daughter about Oak Ridge enthused both her and her husband and was a major factor in their coming to Tennessee in the autumn of 1953. Stotzel came to work in Y-12 on October 8 of that year.

There are three major menaces on the highway today—drunken drivers, thumbers for rides and one-arm drivers. To put it briefly—Hic, Hike and Hug.

DELICIOUS DISHES SET FOR CAFETERIA SPECIALS

Delicious dishes are to be offered on the Y-12 Cafeteria Special Lunches scheduled for tomorrow, Thursday, January 12; and next Tuesday, January 17. The 50-cent Special Lunch tomorrow will feature Spanish rice with meat balls for its entrée while on next Tuesday weiners and baked beans will be the main dish. Each lunch includes one vegetable, choice of salad or dessert and rolls and butter.

Nominating Committee Submits Strong Slate

Continued from Page 1

Janitors; Jesse Guin, Training; Ambrose Ballard, Beta Four Operations; C. V. Ketron, ORNL; Gordon Fielden, Planning and Estimating; and Mrs. Lorena Causey, treasurer of the Credit Union.

Winners Serve Two Years

Guinn and Mrs. Causey are present members of the board, the former being elected during the year to fill a vacancy. All members elected tomorrow will serve for two years. Holdover directors are J. Paul Blakely, ORNL; and W. O. Elam, chief of the Y-12 Fire Department.

After the new board of directors is elected, it will in turn choose officers from its own membership to serve during 1956.

The nominating group has picked six candidates from which three are to be elected to the credit committee for two-year terms. The nominees are A. L. Conte, Project Engineering; C. N. West, Health Physics; Milton Dickens, F Mechanical Operations; T. J. Stephens, Plant Records; William G. Butturini, Beta Two; and Fred Henry, Buildings and Grounds.

Henry is a present member of the committee whose term expires this year. Conte and West also are committee members as alternates. E. A. Cobble, Buildings and Grounds; and C. V. Ketron, ORNL, will complete their terms of office this year.

Three candidates have been advanced for the supervisory committee with two posts to be filled. They are Phyllis Johnson, Tabulation Service; R. C. Hudson, Beta Four Operations; and J. C. Knisley, Special Salvage. Knisley is a present member of the committee. W. A. Coggins is a holdover member of the committee with the two newcomers to be elected for two years.

Cooperation Lessens Parking Violations

Continued from Page 1
from 30 to 40 daily.

Apparently, some of the incorrect parking resulted from confusion on the part of some drivers as to regulations existing in the parking areas. To remove this confusion, all of the paved lots in the Y-12 Plant Area have been carefully marked with painted lines and new signs indicating no parking areas. More parking spaces have been added in some of the parking areas to lessen congestion.

Let Tom And Betty Y-12er Show You How Easy It Is To Fill Out U. S. Income Tax Return By Following Instructions With Each 1040 Form

Experts Unnecessary To Find Out Savings

It's that time again—for grabbing of pencils and scratch pads—figuring, figuring and more figuring on just how much Uncle Sam is to be paid for income taxes this year. The American Institute of Accountants, the national professional society of certified public accountants, again has prepared its exceptional annual article written in narrative form as an aid for taxpayers. The article has been reviewed for accuracy by the Internal Revenue Service and some of the nation's leading certified public accountants.

So you Mr. and Mrs. Y-12er—just place yourselves in the roles of Tom and Betty and keep the article handy when you start to make out that income tax return. It will be of great help to you.

Tom looked at Betty over the breakfast coffee. "You tell me your dream and I'll tell you mine."

It's not very romantic," she said. "That old income tax blank was on my mind and I had a nightmare. I dreamed I was sitting on a giant calendar, turned to April 15, and as I finished each page of the tax form another page was suddenly added on!"

April 16 Deadline This Year

"It's April 16 this year," Tom reminded her. "Anyway, I did better than that. I was dreaming of all the things that would cut down my tax."

"Such as?"
"Such as that you presented me with sextuplets last New Year's Eve—just in time to give us a \$3,600 tax exemption."

"I did WHAT?"
"... and the tax-exempt interest on all my holdings of state and municipal bonds," Tom went on, "and the special credit on about \$1,000,000 in dividends... and the depletion allowance on my oil wells..."

Instructions Show Savings

That evening Tom and Betty came down to earth. They read the instructions which came with the tax form and found some tax savings they could use.

For one thing, Betty had worked part time and was planning to make out a separate return to get back the tax that had been withheld from her pay. Other wives who have full time jobs also may have the same idea, but—"Oh no," Tom said, "if you did that we couldn't file a joint return. I'd have to use a separate return and pay at a higher rate."

Joint Return Best For Couple

Most married couples can save by filing a joint return. Tom and Betty did so—and, of course, they included Betty's earnings and took credit for the tax withheld by her employer. They started to work on the regular Form 1040 and decided to fill out 1040 in detail instead of taking the standard deduction.

Tom and Betty had the tax forms and instructions on the table. They gathered together a scratch pad, check stubs and receipts they had collected during the year. Tom got the notebook he had been using to keep track of automobile expenses. Now they were ready to begin tax figuring in earnest.

Trial Form Filled Out

"Let's fill out a trial form in pencil first," Betty said, "so we'll have everything right when we make out the official return."

After their names, address, and social security numbers, they came to the listing of exemptions. They put down only one exemption for Tom and one for Betty, since neither of them is 65 or blind.

"I don't think we can list Bud as a dependent any more," said

Tom, "since he earned \$600 or more last summer."

Full-Time Student Exemption

But they read further and learned that this limit did not apply to their son because he was a full-time student, so Bud's name was listed for another exemption.

"We can also list your mother," Tom said.

"Do you think we can do that?" Betty asked. "My brothers take care of part of her support."

"No one of us provided more than half her support" Tom explained. "But if your brothers will sign a new form called a Multiple Support Agreement, we can take turns using the deduction. If I ask them, perhaps they'll agree to let us use it this year."

Complete Income Is Listed

They then listed their wages and the amount of tax withheld, copying the amounts from their W-2 withholding slips. Their bank and credit union interest other income included savings and \$38 of dividends from a few shares of stock.

"Wait a minute," said Tom, "that \$38 goes on the last page of the form, and we don't have to pay tax on the first \$50 of dividends."

"In fact," added Betty, "you could have \$50 of dividends and I could have \$50 and there'd still be no tax."

Medical Deductions Important

After listing their income and exemptions, they moved on to the deductions.

"This is what I've been waiting for!" Tom exclaimed, and he began copying figures from the check stubs and receipts onto the scratch pad. While he was figuring the medical deduction, Betty pointed to the instructions on sick pay.

"You're so right, honey," Tom said.

He went back to the amount of his wages and subtracted the pay he had received while sickness kept him from work. The instructions told him that an employee can exclude from his income any payments up to \$100 per week from his employer (or insurance company) while absent from work because of sickness or injury.

Explanation Is Given

"I guess it was lucky I had to go to the hospital," he added. "If I hadn't been there at least one day I would have to pay tax on the pay I received for the first week I was sick." He wrote out a brief explanation to attach to the return.

Having subtracted his sick pay from his wages, Tom went back to the medical expenses and figured that he was entitled to nearly \$100 deduction because he spent that much more than three per cent of his gross income—not counting benefits from health

insurance. From his notes he worked out other deductions: interest paid on that mortgage and on a small loan from a credit union and the bank, charitable contributions (including the value of clothing and other goods given to the church rummage sale), real estate taxes on their home, sales taxes and the damage done to their roof in a storm.

State Gas Tax Deductible

"Why did you bring your car expense book?" Betty asked.

"Gasoline tax," was Tom's reply, as he added up his deduction for the state tax on gasoline he had purchased during the year.

As both of them signed the return, he said:

"I'm glad we started this early. The sooner we get it in, the sooner we get it in, the sooner we'll get our refund."

W-2, U. S. Tax Forms Are Being Distributed

Continued from Page 1

employees the number of dependents is multiplied by \$13 per week. This sum is deducted from the gross earnings and the remainder is multiplied by 18 per cent. This is the income tax deduction. For instance, a Y-12er with three dependents (himself, wife and one child) and with weekly gross earnings of \$80 per week, multiplies the \$13 provided for each dependent by three, the result being \$39. The \$39 is subtracted from the \$80, leaving \$41. Then 18 per cent of \$41 is \$7.38, which is the amount of income tax withheld from the weekly pay check.

Formula For Monthly Employees

In the case of monthly paid employees the procedure is much the same, except that the number of dependents is multiplied by \$56 to start the formula. The tax then is based on 18 per cent of the figure remaining after the dependency amount is deducted from the gross earnings. For example, a Y-12er with three dependents (himself, wife and child) and with monthly gross earnings of \$450 per month, deducts \$168, or three times \$56, from the gross earnings. This leaves \$282, and 18 per cent of \$282 is \$50.76, the amount of the income tax withheld.

Overheard at a deb's coming-out ball:

"What an evening gown — you can't tell whether she's inside trying to get out or outside trying to get in."
